

Trout PRO

FEED FOR FISH

Trout PRO is a truly exceptional trout diet. It provides industry leading survival rates and weight gain. Trout PRO provides an exceptional palatability.

Trout PRO is biosecure and sustainably created. It is available in a variety of sizes covering the trouts' entire lifespan, providing the best nutritional value, growth and survival rate.

Trout PRO, containing our CEP PRO, is not only a sustainable and completely biosecure alternative to fishmeal, it also provides the same nutritional values and access to lucrative markets.

Analysis

NUTRIENT	15-25 GRAM	25-40 GRAM	40-200 GRAM	200-1000 GRAM	>1000 GRAM
