

Semi Moist PRO

FEED FOR SHRIMP

Semi Moist PRO is a semi moist maturation feed for shrimp.

Semi Moist PRO can be used as a complete feed or in combination with, or in transition to, SPF Polychaete PRO and Squid PRO. It gives a balanced diet for both sexes. Semi Moist PRO is pelleted to give you easy storage and predictable supply, plus it helps keep the water clean and has high biosecurity. The product is designed for use 2-4 weeks prior to the broodstock's productive cycle and until its end. Semi Moist PRO is the only semi moist product on the market containing polychaetes.

Analysis

NUTRIENT	VALUE	NUTRIENT	VALUE
Moisture (%)	25	Vitamin A (IU/kg)	16,000
Protein (%)	46	Vitamin C (IU/kg)	750,000
Lipid (%)	6	Vitamin D3 (IU/kg)	4000
Ash (%)	7	Vitamin E (ppm)	500
Fibre (%)	2.0	n-3 HUFA (mg/g)	17.0
Calcium (%)	0.7	DHA (mg/g)	10.5
Sodium (%)	0.5	EPA (mg/g)	6.25
Phosphorus (%)	0.75	Total Energy (kJ/g)	15.6
		Digestible Energy (kJ/g)	14.25

Ingredients

Marine protein (including shellfish), Polychaete-derived protein, algae, plant-based protein, vitamin and mineral premix, marine oil, preservative, binder, yeast, lecithin.

Product based on natural ingredients. Light brown colour. Colour may vary, but this has no effect on performance.

Storage conditions

Store in a dry and cool place. (ideally at 4°C, maximum 20°C).

Instructions for use

Recommended daily rate is 6% semi-moist and 10% squid (fresh or frozen) of the wet mass of the biomass in the tank. Divide daily feed into 4-6 portions, alternating semi-moist feed and squid. Apply feed by hand to the bottom of the tank in an open system and use feeding tray in a self-cleaning tank with recirculation systems. Adjust feed amounts according to local conditions. This feed is for consumption by *Litopenaeus vannamei* and *Penaeus monodon*.

Shelf life

2 years.
Once opened use within six weeks.

Packaging

1.0 kg bucket.
5.0 kg bucket.

Pellet size

3 mm.
